

ENVIRONMENTAL
SCIENCE AND
ECOLOGY

Dr. Christopher Norment
1-585-395-5748
cnorment@brockport.edu

Evaluation of water quality and recommendation of potential remediation projects

Dr. Douglas Wilcox
1-585-395-5963
dwilcox@brockport.edu

Wetland ecology, wetland restoration, lake-level fluctuations on the interactions
between lake-level fluctuations and wetland invasive plant species

Dr. Jacques Rinchar
jrinchar@brockport.edu

Fish biology, fisheries fish reproduction and nutrition

Dr. Courtney McDaniel
cmcdaniel@brockport.edu

Aquatic macroinvert., ecology, stream ecology, entomology, population and community ecology, wetland ecology, and human impacts on aquatic ecosystems

Dr. Michael Chislock
mchislock@brockport.edu

Water quality, causes and consequences of harmful cyanobacterial blooms and toxins; plankton ecology; aquatic toxicology
