1. **The Honeoye Lake**
 - a. The lake was completely ice covered on Saturday 1/8/22. Similar to last year 1/9/21.
2. **Winter 2022 HLWTF Newsletter**
 - a. Expect to publish newsletter in early February.
3. **Our New York State WQIP Grant Funded Projects**
 - a. Ontario County/HLWTF NYS DEC WQIP Aeration Engineering Planning Grant
 - i. Princeton Hydro (PH) aeration project update.
 1. On November 30th PH completed a third draft Side-Stream Supersaturated (SSS) aeration engineering system design document.
 2. Our local committee is has completed reviewing this latest PH design document. All of their comments and requests for updates have been reviewed with PH. PH has committed to delivering us a final draft document by the end of January.
4. **FLCC Speaking of Nature Virtual Presentation at 6:30 PM on January 26th**

"THE BIG 10"
MULLER'S MOST CAPTIVATING MAMMALS

PRESENTED BY MULLER FIELD STATION'S
CONSERVATION EDUCATORS
ALLI, CHELSEA, & ERIN

Wednesday January 26th @6PM

This Speaking of Nature presentation is fun for all ages--kids attendance is encouraged! The MFS educator team will share interesting facts about ten captivating mammals that live in the southern Honeoye Valley. We will discuss animal behavior, habitat, physiology, sign, and history. This is a great opportunity to better understand the animals that we so fortunately share this land and water with. Lastly, there will be an interactive activity at the end of the presentation--we hope you can join us!

Register for this event by scanning the QR code
or by going to the
FLCC Muller Field Station Facebook Page.
